Congressional Investigation Petition
WE THE PEOPLE

Dear Mr. President,

Thank you for keeping your promise to the people of the United States of America and Making America Great Again. We bring this extremely urgent matter before the Executive, Senate, and Legislative Branches of Government, in hope of providing a remedy, relief, or a pathway for Americans affected by massive corruption involving the California U.S. Attorney's Office top officials, the Attorney General's Office, the Drug Enforcement Agency, and corruption within the Federal Bureau of Investigation. We have factual proof and evidence that Former Democratic Senator Ronald Calderon and thousands of other Americans were the victims of fraudulent Government investigations; they were falsely accused, targeted, and jailed by corrupt Government Law Enforcement employees, top ranking officials, and upper Department echelons abusing their powers.

This matter is of the utmost urgency because thousands of American citizens are being wrongfully targeted, accused, and they are being victimized by widespread Government Enforcement misconduct and abuse of power. These unlawful events have led to massive subversions of Constitutional and Due Process Rights.

American Safety Endangered:

First, the DOJ, FBI, CIA, and other Government Enforcement Agencies ("GEA") identified in the failed coup attempt against the President of the United States was not an isolated event. Rather, this pattern of GEA misconduct is extremely common and thousands of Americans are being wrongfully incarcerated, targeted, ruined, and many of them have committed suicide. We are requesting that the Executive Office, Senate Judiciary, and the Government Oversight Committee, launch an immediate investigation into this urgent matter and provide complete Exoneration, Monetary Restitution, and appropriate relief for each American affected by GEA corruption, and for crimes done against them and the People of this country. See Attachment Exhibit A.

I. Case Number One:

California's Chief of U.S. Attorney's Office, Andre Birotte Jr, (now a Federal Judge), U.S. Attorney's Office Assistant Chief, Dorothy C. Kim (now an Appellate Judge), U.S. Attorney's Office Chief of Fraud Unit, Beong Kim (the Brother of Dorothy C. Kim) and alleged F.B.I. and D.O.J. attorney Jeffrey Rutherford (the Husband of Judge Dorothy C. Kim). This case involves many GEA officials abusing their positions and authority.

- Birotte, Dorothy, and Beong, launches an investigation into Dr. Michael Drobot;
- Dr. Michael Drobot is a very successful Physician and the owner of Pacific Hospital in Long Beach;
- Senator Calderon and Dr. Drobot are both sentenced to years in prison on fraudulent indictments; and
- Judge Dorothy C. Kim's Husband, Jeffrey Rutherford, he was the "ATTORNEY" for Dr. Drobot without his knowledge. The entire case was planned and predicated before the investigation was launched. This is a perfect example of absolute GEA corruption and American safety endangerment.

Case Narrative:

This is like Mr. Earley launching an investigation into "you," without your knowledge, and getting my wife to represent "you." Afterwards, Mr. Earley and his wife place "you" in jail for several years. This type of GEA fraud involves operatives launching frivolous investigations by having friends and family members notably representing their wealthy targets for profits. This is totally outrageous and criminal because the GEA's law firms are gaining substantial wealth by virtue of fraud and abuse of power.

II. Case Number Two:

The fabricated Russian Hoax case that was launched against the President of the United States and former Senator Ronald Calderon is no coincidence. These horrible acts are intentional and very common; here is another case where the same GEA officials engaged in similar corruption and fraud against another successful Doctor living in the state of California. Keep in mind, these crimes are not isolated to only Californians, rather, we believe they are being actively employed on a widespread basis against innocent Americans abroad.

- Birotte, Dorothy, and Beong, launched a grand jury investigation into Dr. Guven Uzun;
- Dr. Uzun is a very successful doctor in Beverly Hills and he has a surgical center in Playa de Vista;
- Dr. Uzun is the victim of a fake investigation and later threatened by the GEA's with incarceration;
- Judge Kim's husband, Jeffrey Rutherford, he befriended Dr. Uzun before the investigation started;
- Jeffrey Rutherford receives over \$800,000 dollars over 3 years from Dr. Uzun and did nothing; finally,
- Dr. Uzun finds out that Jeffrey Rutherford is the "HUSBAND" of the GEA launching the investigation and he gets retaliated against by the Medical Board and his life threatened for reporting this crime.

Case Narrative:

Dr. Uzun sued Jeffrey Rutherford and his wife, Judge Dorothy Kim, for 10 Million dollars unsuccessfully because the statute of limitations had expired, according to the Courts. Dr. Uzun's attorney also refused to name all of the individuals in the lawsuit, since they were top GEA officials. Dr. Uzun fled the country fearing for his life and the GEAs unlawfully took his Medical License, his Wealth, his Dignity, and more important, they took away his Federal and Constitutional guaranteed rights as an American. Dr. Uzun's life was ruined and his Federal Rights were simply denied. These GEA crimes were intentionally covered-up by rogue high-level employees and judges that are clearly targeting the American People with massive fraud.

III. Case Number Three:

State Police corruption and thousands of complaints made to the DOJ and the FBI have been subverted and covered-up by GEA officials and employees. The California DOJ and the Attorney General are also engaged in massive fraud against Americans. Mr. Earley, was a Congressional Briefing Panelist, Cannon Office Building, Room 122, on April 25, 2018. The brief was entitled "California DOJ and State Police Corruption."

- The Attorney General's Office sends out letters in reference to Citizen's Complaints against Serious State Police misconduct stating the police is their client and they cannot investigate them. The same thing seen with Dr. Uzun, but on a massive level;
- The Attorney General forwards the complaints to the perpetrators for retaliation against the unsuspecting American Citizen seeking to report State Police corruption and abuse of power;
- Doctor Anthony Jackson was killed 3 days after he publicly stated that the California Medical Board, led by the DOJ, was Racist against blacks. The "Killer(s)" intentionally put his name as an acknowledgment in a DOJ study that he publicly called a fraud, (Demographics of Disciplinary Action by the Medical Board of California 2003 - 2013). The study was published in January of 2017, three months after Dr. Jackson's death and "MOCKED" his life by placing his name, as an acknowledgment, in a study that he publicly said was a fraud; and
- Federal Court Breach of the CM/ECF electronic filing system by Government Employees, in violation of 18 U.S.C. 371. Factual evidence filed with the U.S. Attorney's Office and with the Central District Court. GEA's can alter pages/writings after being filed, thus, altering the outcome of Federal Court cases by virtue of fraud.

Case Narrative:

Massive Federal and Human rights' crimes are covered-up and ignored by the GEAs. There is absolutely no accountability and Mr. Kelvin Callahan from the Washington DC DOJ tells victims to hire good lawyers to defend against GEA corruption and abuse of power. 20,000 Doctors locked up for not doing good Physical Exams and then blamed/charged for deaths caused by street drugs is a National Disgrace.

Conclusion

The Drug Enforcement Agency's upper echelons abused their power by colluding with Big Pharma to weaponized, corrupt, and improperly pass legislation written by DEA top lawyers paid and lobbied by Big Pharma. This has led to more than 20,000 doctors improperly imprisoned and Big Pharma is the Number One Employer of Physician Assistant's and Nurse Practitioners in the US. We are requesting the Executive and Legislative Branches of Government to "End" the jailing of American Doctors for greed, enrichment, and for special interest motives, such as Big Pharma. Dr. Michael Schatman researched and reviewed all of the overdoses attributed to "opioids" in New Hampshire. The DOJ has ordered the Coroner's Office to report any deaths as "opioid" related if there are traces of opioids identified in the toxicology. Ninety percent (90%) of the deaths were from Heart Attacks, Strokes, Alcohol, and other substances not prescribed by Doctors, however: The DOJ reports to the Medical Boards that these deaths are from opioids. This is a major fraud against American Doctors and the Tom Marino Bill and the joint investigation by the Washington Post and 60 Minutes study confirms that American Doctors are victims of massive GEA abuse of power and fraud committed by Big Pharma and massive unfair business practice violations for to enrich themselves and corporate greed.

RELIEF REQUESTED

- 1) Impeachment and/or Criminal Proceedings against Federal Judge Andre Birotte Jr., California Appellate Judge Dorothy C. Kim, and other conspirators and co-conspirators;
- 2) Government Oversight Hearings of the DOJ, FBI, and the DEA regarding massive ongoing criminal violations against innocent Americans by GEAs;
- 3) Senate Hearing and/or Appointment of a Special Counsel to identify Americans that are victims of Government Employee Crimes and Abuse of Power persecutions;
- 4) An Executive Order requiring the DOJ, FBI, and other Government Agencies to provide legitimate investigations into Citizen's Complaints outlining GEA corruption. There is broad widespread corruption and abuse against the People and intentional chilling of Constitutional Rights by a large number of GEA officials; and finally,
- 5) We The People are requesting Complete Exoneration, Restitution, Monetary Relief, and Vindication for ALL Doctors and Americans that were unlawfully targeted, financially ruined, committed suicide, and those falsely accused by corrupt GEA officials under color of law by abusing their trusted Government positions to harm the American People.
